With local teams in every major Asian destination we operate in, we seek out, refine, and deliver a diverse range of travel experiences for a global audience. We succeed because we are as passionate about our job as we are professional.
We understand that no two individuals are alike, and our experienced travel consultants deliver unique Asian travel experiences to reflect this. This has enabled us to become the first choice destination management company for clients with special interests or who require highly skilled agents and knowledgeable people on the ground.

We invite you to ‘Experience our Asia’ and see this fascinating region through the eyes of passionate travel experts.
EXO Travel was established by three young entrepreneurs in Ho Chi Minh City, Vietnam in 1993. Shortly thereafter, EXO took on its first major MICE event in the country, sparking the inception of EXO Events.

Over the following 20 years, EXO built an impressive portfolio of bespoke events across its 10 destinations, establishing specialist teams in every country. Understanding the importance of each individual client, our highly experienced MICE departments deliver seamlessly organised trips ripe with imaginative, authentic experiences, tailor-made to suit each client’s needs. Because of this, we have become the first choice DMC and PCO for clients in search of an experienced and reliable partner in Asia.
With more than two decades of experience in the region, EXO has become Asia’s most trusted name in MICE programs and events. With a team of over 800 full-time members, 25 regional offices and 50 MICE specialists, our knowledge of the region is encyclopaedic.

One of the longest-established inbound tour operators in Asia, we have organised everything from conferences for large corporations to memorable incentive trips for hundreds of employees. In addition to our extensive regional experience, EXO is also wholly committed to responsible travel; philosophies of sustainable tourism are found throughout our business.

EXO Travel is wholeheartedly committed towards being a responsible travel company who genuinely cares about how our business impacts the people and places it touches.

Whenever possible, we select accommodation providers who have adopted good social and environmental practices, and we encourage our guests to partake in sustainable tourism projects, shop at fair trade shops, and eat at restaurants run by vocational institutions training disadvantaged youths.
EXO Travel is proactive in developing all forms of travel in a more sustainable manner, whilst strongly supporting community based tourism (CBT) projects and local organisations. Having assessed and selected a number of CBT ventures within Asia, we then actively promote these to our clients. The range of unique, authentic experiences is endless and participation in them makes a real difference for the communities running them.

EXO Travel, in partnership with the EXO Foundation, is proud to create or recommend a number of corporate social responsibility (CSR) projects and activities, as well as tailor-made, integrated MICE programs.
The EXO Foundation is a not-for-profit organisation that was established in 2011. The Foundation plays a role in educating and advising EXO Travel teams and clients on best practices in responsible travel, ensuring their activities support the sustainable development of tourism in the region. It also directly supports and is able to fund projects that contribute to the sustainable development of destinations.

EXO CARES
As strong believers in the ethos of responsible travel, we are fully committed to developing, operating and marketing tourism in a sustainable manner.
We started operating MICE early on, in 1993, because there was already a connection with French Incentive Houses in Vietnam. Since then, we’ve organised MICE events for leading automobile, technology, retail and professional services companies as well as other sectors.

EXO Travel’s first-ever MICE operation was handled in Vietnam in late 1993: two groups of gas dealers chartering helicopters to fly from Hanoi to Halong Bay - the first time this experience had ever been done.

For hassle-free, inspirational and unique MICE products, EXO Travel leads the way with over 20 years of experience in the industry within Asia.
Whether you’re looking to host a meeting in Vietnam, with rich cultural heritage and the unique ambience in places like Saigon or Hoi An, or prefer the more historic atmosphere that Cambodia’s ancient Khmer-themed venues can offer, EXO Travel is uniquely capable of matching destinations with unrivaled service and meticulously managed, high-quality meeting facilities at an affordable price.

We can arrange meetings for groups of any size and are proud of our extensive range of contacts for superb meeting venues all across Asia. From huge modern spaces to intimate rooms, we are able to suit the needs of any request.

To ensure smooth operations, we also provide customised services for all meeting delegates. These include booking of accommodation, transfers, pre and post touring, excursions, and arrangement of activities for spouses and companions.
INCENTIVES WITH EXO

We are leaders in Asia at providing incentives to help businesses motivate a particular course of action. We understand that to create this increased effort, the incentive needs to be exciting, something to activate the imagination and keep energy levels high.

We can cater to groups from as little as 10 to over 1,000 participants during any period of time. We have excellent working relations with local businesses around Asia, giving us access to many facilities other organizers are unable to benefit from.

We can take you to the raw and compelling landscapes of Myanmar, Chinese megacities of Beijing and Shanghai, or arrange intriguing transport types from ox-drawn carts amongst temples and electric bikes in Laos to vintage trains in Indonesia. We are only limited by our imagination when it comes to arranging inspirational activities in Asia.

With a plethora of conferences, exhibition halls, and hotels available for use in Asia, EXO can handle everything to ensure the seamless integration of work and leisure. From catering to accommodation or transportation, we can make any necessary arrangements.

Other benefits include on-site management, accommodation reservations, organising opening and closing events, gala dinners, sightseeing, and programs for partners. We can also offer a white label reservations system allowing customised services.

Working with your chosen venue, we will provide the necessary audio and visual equipment. Our expertise as a leading PCO in Asia means we have the experience of inspiring audiences with impressive facilities and vibrant, lively environments. You just need to choose the location.
Experts in events management, we understand the complexities involved with MICE and can offer pragmatic solutions and services that go beyond expectations. These events can take shape in many forms including those related to education, research, leisure or any corporate purpose needed.

From Tai Chi classes outside one of Vietnam’s ancient temples, traditional dance and cultural performances in Cambodia or private gala dinners in China’s magnificent Forbidden City, no activity is too ambitious for us to arrange.

For transportation, we can provide fleets of vehicles ranging from executive cars to coaches with personal branding options. Other special touches may include limo transfers, VIP clearance at a number of airports, or even alternative transport options such as helicopters, private jets, and charter flights. Our highly-experienced teams are able to handle ground operations quickly and efficiently to ensure seamless experiences.

We can also facilitate a number of nationalities, providing multi-lingual organisers and ground staff. Our range of contracts with venues holds great appeal and we are proud of the superior service we provide clients.
Whether it’s watching the world go by from a hip coffee shop in Hanoi or Ho Chi Minh City, or relaxing at one of the many new luxury resorts in coastal hotspots like Danang or Nha Trang, visitors can sample Vietnam’s insatiable energy in a variety of ways. Despite its persistent moves toward the future, Vietnam pays ample homage to its traditions. Northern regions such as Ha Giang and Sapa offer astounding trekking and hill-tribe culture, while quieter spots such as the Central Highlands and Mekong Delta have kept their majesty and mysteries well preserved.

Vietnam is a rising figurehead in the world of MICE, so it has spectacular venues with leading technology and world-class facilities. For incentives and events, Vietnam continues to allure groups with exciting elements that are not found in other countries: an intoxicating blend of vibrant traditional cities, sublime coastlines, intriguing history, and stunning natural landscapes. Vietnam is an enticing destination where MICE activities never fail to inspire.
